Daily dog drink with vitamins & minerals

The drink helps maintain healthy skin and shiny coat, supports the proper functioning of the heart, skeletal muscles and nervous system.

It also supports metabolism, including the breakdown of proteins, and carbohydrates, which contributes to better digestion and the production of energy necessary for everyday activity. The vitamins contained in the drink acts as antioxidants, protecting the body from the harmful effects of free radicals, and also regulate nerve functions and epithelial tissue.

Dog Drink with vitamins and minerals is an ideal solution for owners who wants to provide their dogs with the best health care, improve their overall vital functions and increase their energy and vitality levels.

Daily cat drink with vitamins & minerals

Take care of your cat's health with a drink dedicated to cats of all ages and sizes.

Our product has been specially formulated to support the overall health and vitality of your furry friend.

It contains essential vitamins B1, B3 and B6, which are key for optimal blood circulation, blood cell production, protein and amino acid metabolism, brains and nervous system function.

Additionally, enriched with zinc and selenium, our drink contributes to skin health, prevents skin infections and strengthens the immune system. Selenium, a powerful antioxidant, reduces the risk of cardiovascular and cancer diseases, and supports thyroid function.
